

ultra slim

Interchangeable Graphic

The Ultra Slim LED light box with interchangeable graphic is available up to 3m x 1.5m and just 40mm deep with a clear lift off cover, suitable for any backlit film.

Clean even lighting with a choice of either 5000k or 6500k colour temperature, cool running LEDs, that generate no heat and are energy efficient.

Our simple wall fixing system allows for quick and easy installation. Different cover options are available in acrylics or polycarbonate when extra robustness is required.
